

VOLUNTEER OF THE MONTH

Matthew Wright

Our Volunteer of the Month is Matthew Wright. Matthew has lived in Houston for 2 years and tells us that the RICH Club is a big reason for his love of Houston. Matthew has recently celebrated his wedding to his lovely wife Jennifer where they decided to make it a vacation for both their families and held the ceremony in the Gran Cayman in July. In Matthew's "day job" he provides legal advice to real estate investors and small businesses through his law firm, The Wright Law Group, PLLC.

Matthew has been a member of Rich since early 2008, and currently serves as the Secretary for the RICH Club. Matthew has also spoken and different focus groups from Commercial Investing to how investor's can use the I Phone in their business. Matthew states that he volunteers because he believes you always get back more than what you give, and that spending time at RICH with other real estate investors pays big dividends, in that he is learning and growing as an investor himself.

Matthew's investment goals this year are to expand the services that his firm offers to clients in real estate.

Matthew's advice to new members is to spend a month going to EVERY focus group you can to learn what type of real estate investing interest YOU most. There are many ways to be successful so it is very important to find a strategy and focus on it. Also Successful investing takes time. Time to find deals, then time to operate an efficient and profitable business.

RICH would like to thank Mathew for his valuable contribution to this organization.
